### Experience the magic of throwing clay on the wheel!

Join ceramist and visual artist **Crystal Pittman** for a **three-week workshop**. Crystal will show you how to prepare clay for wheel throwing, and demonstrate in detail how to get the clay centered and lifted. Learn to use the throwing techniques that every budding potter needs to know. Participants will complete the workshop with functional works of art. This is a workshop you don't want to miss! It will set you on a magical journey that will never end. This class

also combines hand-building techniques. We have two wheels, so students can spend time on the wheel as well as integrate slab and coil techniques into their pieces. You will have 18 hours of teacher instruction plus five hours of independent wheel time in the studio. You will need to make an appointment for your independent wheel time which cannot conflict with Birthday Parties or other large groups.

**WORKSHOP FEE: \$155.00**

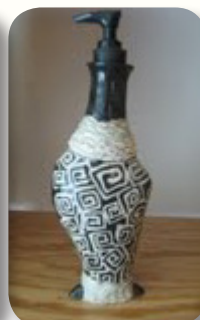

**MATERIALS INCLUDED:**  
**25 pounds of Clay and Clay Tool Kit**

**STUDIO TIME:**  
**Class time plus five additional hours of FREE studio time (reservations required)**

**WHAT TO BRING TO CLASS?**  
 apron, rag, pencil & paper for sketches

**WHO SHOULD ATTEND?**  
 Beginning and intermediate students who want to learn wheel throwing combined with hand building skills.

**Pay 50% when you register and the balance on your first day of class.**  
**No refunds or exchanges.**
