WHEEL & HAND BUILDING CLASSES

- Ideal for beginners; individual instruction on the wheel
- Clay handling techniques
- Small Classes
- Creative Environment
- Free tool kit included
- Once a week, 3 weeks long

Our classes provide wheel-throwing and handbuilding instruction within a creative supportive environment.

Come learn the fundamental techniques of handbuilding in ceramics (pinch, coil, and slab methods), which provide a foundation and understanding of pottery. Explore utilitarian and sculptural vessel formats.

As a beginner, you will also learn basic wheel skills (centering, opening, pulling, shaping, trimming and finishing), and apply these skills to create basic cylindrical forms. Our small classes are geared toward beginners; although, instruction may be tailored based on interest and skill level. (6 person minimum.)

\$ 175.00 per child, per session.
50% deposit to hold position.
